

Ohio Street and Longview Road Waterline Replacement

WallacePancher Group completed the design of 3,100 LF of municipal water service pipeline along Ohio Street, and 4,700 LF along Longview Road in the City of Hermitage, Mercer County, Pennsylvania for Aqua America.

The projects included 12" Ductile Iron Waterline with valves, fire hydrants, and all other appurtenances. WPG coordinated and acquired all necessary permits from the local municipalities, County and PennDOT for the utility installation.

WPG prepared all necessary Property Easement Exhibits and the Engineers Cost Estimate of Construction.

SERVICES PROVIDED:

- Wetland/Stream Investigation and Delineation
- Surveying and Property Easement Exhibits
- Erosion & Sediment Pollution Control Design
- Post-Construction Stormwater Management
- NPDES Permitting
- PaDEP Permitting
- Agency Coordination
