

ATHLETIC FIELDS AND STADIUMS

L A N D D E V E L O P M E N T

WPG has completed numerous sport field and recreation complex projects for universities, school districts and community organizations throughout the tri-state area.

Our services range from feasibility analysis, project cost estimation for funding, public interaction to determine key desires for recreation, site selection, inventory and analysis.

In addition, we prepare final design documents, NPDES permits, municipal approvals and stormwater management design. WPG has completed all aspects of technical design ranging from permitting to construction bidding and oversight.
