

**WEST VIRGINIA NORTHERN COMMUNITY  
COLLEGE STUDENT ACTIVITY CENTER**

**HAYS**  
LANDSCAPE ARCHITECTURE STUDIO, LTD.

Hays LAS, now WallacePancher Group, worked as a sub consultant to SMG Architects in designing and preparing construction documents for a plaza, streetscape, and associated parking for an updated existing structure in downtown Wheeling. The grading plan (above) reflects a complete redesign of the existing parking since it did not meet ADA parking requirements and typical parking cross slopes.

The solution includes:

- ADA parking
- ADA dome pavers
- Brick streetscape detail
- Planting areas
- Delivery dock

**SERVICES PROVIDED:**

- **Inventory Analysis**
- **Schematic Design**
- **Construction Documents**
